LifeWise Assurance Company (LifeWise) is the plan administrator and insurer, providing claims, eligibility, and customer service for all appointees and their dependents. LifeWise's member portal site allows you and your dependents to view claims data and access benefit information; verify appointee and dependent eligibility; download temporary ID cards; utilize health tools for traveling abroad; access customer service representatives trained in GAIP benefits and eligibility requirements; and look up network providers, including contracted providers outside of Washington. Your best level of coverage will continue to be provided at Hall Health and the UW-affiliated providers and facilities. Visit the LifeWise website at <http://student.lifewiseac.com/uw/gaip/>

Eligible appointees will be *automatically* enrolled in GAIP "Appointee-Only" coverage. Enrollment in your insurance will be confirmed via a welcome letter email from LifeWise, and include important instructions to access the Dependent Enrollment tool. You will not be able to pre-enroll dependents before you are enrolled with LifeWise and have received notification of your enrollment.

Changes to dependent coverage must be completed online at the LifeWise website (above). Changes in your dependent coverage must be made by April 30, 2017. If no changes are made, your coverage level status from the previous quarter (if applicable) will continue to be the same this quarter.

In addition, you should know that:
